The Williamsville Board of Education sets policy for the school district, in accordance with state and federal laws, in order to ensure the best educational results for all students. Nine members are elected at-large by District residents and serve unpaid, three-year terms. Board elections are held at the time of the annual budget vote in May.

The Board conducts its business in open meetings held on the second Tuesday of each month at 7:00 p.m. in the District Office boardroom, 105 Casey Road. Time is set aside at the beginning of each regular meeting for public participation when community members may address the Board.

Board meetings are broadcast on Spectrum Cable/LCTV Channel 1302, Saturday at 7:00 p.m. and Sunday at 1:00 p.m. Also, the meeting videos are available for viewing on the district website at www.williamsvillek12.org and on the WCSD YouTube channel. Meeting agendas, agenda items and official minutes are posted on the website in the Board of Education section.

All correspondence for the Board should be sent c/o the District Clerk, Mrs. Lynn Carey, 105 Casey Road, East Amherst, NY 14051 or phone (716) 626-8092.

Scott G. Martzloff, Ed.D.
Superintendent of Schools

A Message from the Superintendent

Welcome to the Williamsville Central School District where building strong, caring relationships among teachers, parents, students, staff and the community is the foundation for our success. Our annual calendar publication represents one tool we use to strengthen connections by providing information about our programs, student services, scheduled school events, and contact information.

I invite you to stay connected to your child’s education by participating in school and district activities throughout the year. Use this calendar as a quick, handy reference and please check our online calendar at www.williamsvillek12.org regularly for any event changes that may occur as the year progresses.

Thank you for your ongoing support of our schools. I look forward to seeing you and collaborating with you to make this a great year for each of our students. If you have any questions, please do not hesitate to call my office at (716) 626-8005.

Martyrdom of the Bab (BA)

July 2019

August 2019

Tisha B'Av (J)

Krishna Janmashtami (H)
**School Safety**

**Crisis & Emergency Management Plans**

The Safe Schools Against Violence in Education Law (SAVEL) and New York State Commissioner of Education regulations require all school districts to establish a district-wide safety plan. The Williamsville Central School District has developed a comprehensive plan, adopted by the Board of Education, which outlines specific actions and responses to emergency situations, violence prevention, and mental health. In addition, building level emergency response plans have been formulated which are reviewed annually by school staff comprised of administration, faculty, parents, law enforcement, fire officials and community members.

The District provides ongoing training to school administrators and other staff members to ensure that we are well prepared and children are protected. Emergency drills are conducted routinely in collaboration with the Town of Amherst Police Department at every one of our schools to further enhance our practices.

Please be sure that your child's school has accurate and current phone numbers and contact information available through the school office.

**School Closing Information**

When inclement weather or any other emergency situation forces the closing of district schools, the information will be communicated by E-Alert (see above), radio, and television broadcast. Please do not telephone the schools or the District Office.

The decision to close schools in weather-related situations normally will be made by 6:00 a.m. The safety of our students and staff is the basis for any decision. Key factors that are considered include road conditions and weather reports.

When schools are closed due to inclement weather, local television stations will be notified (Channels 2, 4, 7, and Spectrum News) as well as local radio stations including WJET/WFXV AM and KISS 98.5 FM.

If schools are closed due to bad weather, all other activities including sports practice, student activities and Community Education classes will be cancelled. If schools are closed for other reasons, activities and practices that are not in a school setting may be permitted with prior approval of the building principal.

**Closing during the school day**

On rare occasions it may be necessary to close a school during the day due to loss of power, loss of water or other emergency situations. If this occurs, procedures are in place to transport students to another building, if necessary. Students and staff may remain at the alternate site until the regular dismissal time. A pre-established program of instruction would be implemented at the alternate site.

Parents are reminded to provide the school office with up-to-date emergency contact information. Also, families are encouraged to have a plan in place should students be dismissed from school. In the event of an emergency, the primary or home telephone number, or cell phone that parents, guardians and staff provide the district for communication purposes will be used for the voice messaging. No sign-up is required. This auto dial call system will be used only in an emergency. All students and staff should have the number of this system programmed into their phones.

Notifications about weather-related school closings (“snow days”) will continue to be made using E-Alert, the district’s established mass notification system that allows us to communicate rapidly with students using text message and email. This opt-in service does not include automated phone calls. Anyone can register for eAlert by going to www.williamsville12.org and clicking on the eAlert image.

**Youth Wellness Program**

The District is committed to providing necessary resources to develop assets and prevent risk taking behaviors. WilliamsivILLE’s comprehensive youth wellness program provides education/ prevention, intervention/ referral, and support services. Although programs and activities vary from school to school, the focus is on creating a culture of acceptance, respect and compassionate care.

A committee of parents, students, teachers, community members, and administrators assists with student assistance program. The Williamsville Youth Wellness Program is designed to address students across the District. In addition, each school has identified personnel to serve as Youth Wellness Facilitators responsible for coordinating programs and activities to address student needs.

The foundation of all wellness initiatives is the Assert Model of Youth Development. We believe in a partnership among schools, families, and community to ensure that our students receive consistent, powerful, and positive messaging and work together to ensure a positive future for all students.

A comprehensive Board of Education report highlighting district-wide and building-specific initiatives may be found online at www.williamsville12.org/youthwellness

**What are Developmental Assets?**

The 40 Developmental Assets are positive experiences, opportunities, and relationships that support the healthy development of all adolescents. The more assets a young person possesses, the less likely they are to engage in a wide range of risk-taking behaviors including the use of drugs, alcohol, and/or tobacco.

Research also indicates that the greater the number of assets, the more likely the adolescent behaviors will be exhibited such as school success, valuing diversity, and maintaining good health.

If you would like more information regarding asset development, prevention, intervention and/or support, please contact the Office of Youth Wellness at (716) 826-8001 to arrange an on-site consultation.

**SafetHomes**

SafetHomes is a community-based parent networking campaign founded on the belief that in order to prevent family abuse you must address the simple ways in which people can become more intentional about how they relate to each other, and about the external influences, you need to create an atmosphere where such use is not acceptable.

When parents/ guardians can take a united stand against substance use and abuse, prevention is much more effective than if parents act separately. For more information about SafetHomes, please contact the Amherst Town Youth Board Safe Homes Program at (716) 838-1157 or the Erie County Council for Tobacco Prevention. Prevention of Substance Abuse at (716) 861-2288.

Please be sure your child’s school has accurate and current emergency phone numbers and contact information available through the school office.

**Immunization Requirements**

New for the 2018-19 school year, the district has implemented a system to include automated, pre-recorded phone messages, which will be used to communicate directly with parents, guardians and school staff in the event of an emergency. The primary or home telephone number, or cell phone that parents, guardians and staff provide the district for communication purposes will be used for the voice messaging. No sign-up is required. This auto dial call system will be used only in an emergency. All students and staff should have the number of this system programmed into their phones.

Notifications about weather-related school closings (“snow days”) will continue to be made using E-Alert, the district’s established mass notification system that allows us to communicate rapidly with students using text message and email. This opt-in service does not include automated phone calls. Anyone can register for E-Alert by going to www.williamsville12.org and clicking on the E-Alert image.

Student Health Services

The Williamson Central School District maintains health offices in each of its schools, staffed with fully qualified, professionally licensed registered nurses. Students remaining for after-school activities such as sports are under the supervision of an adult. Professional registered nurses are not on duty after 3:30 p.m. The attendance and coaching staff are trained in first aid and in accordance with state guidelines. The district also retains the services of a physical therapist for a year-round program of assessment, dosage, route, and side effects of the medication. In the case of a physical therapist that is not on staff for the condition being treated and the duration of time the medication is to be administered are to be specified by the physician.

The nurse must have a written request from the parent to administer the medication as specified by the physician. A verbal or telephone request is not acceptable.

Screenings

As mandated by State education law and district policy, during each school year students in K, 1, 3, 5, and 7 receive screenings for distance visual acuity and near vision, and hearing. In addition, all students are screened once in kindergarten or in kindergarten, for color blindness, in grades 2 and 7, and are screened annually for speech disorders, scoliosis, and students with a diagnosis of ADD, ADHD, or IDDS. Screenings are usually completed by December. Parents are advised of any recommended follow-up necessitated by these screenings. Please contact your child’s school for more information.

Central School District is required to complete a survey for students without private health care, the district will assist assistant by September 30 for mandated examinations. For exam (within 12 months of start of season) and an updated

Physical Examinations

New York State law requires that a physical examination be completed for all new entrants (including Kindergartners), and those enrolled in Grades 1, 3, 5, 9, and 11. Students participating in interscholastic sports must have a current exam (within 12 months of start of season) and an updated health history completed within 12 months. Information from this examination will be used to maintain healthy work habits also must have a current physical examination. The Board of Education recommends that medical examinations be conducted by the school’s registered nurse for non-examining students, or the parents/ guardians may administer a blood pressure assessment and when parents or their designees are not able to be contacted, the student’s health and safety may require emergency transport by ambulance to a hospital. The district expects every family to provide the school with emergency phone numbers.

The prevalence of chronic medical conditions such as diabetes, obesity, and the life-threatening allergies has been steadily rising in our school-age population. It is important that the school be aware of the following medical conditions.

- Diabetes
- Obesity
- Life-threatening allergies

The family will then assume responsibility for providing information from their primary health care provider regarding the student’s health in these areas.

Concussion Management

A concussion is a type of traumatic brain injury (TBI) which alters the functioning of the brain. A concussion can occur with any blow, bump, or jolt to the head or body that causes the brain to quickly move back and forth within the skull. Concussions with falls, motor vehicle accident, accident on the playground, during athletic participation, or during many other activities. All concussions are serious and need to be evaluated by a health care professional.

The district follows the International Conference on Concussion in Return to Play (IRTP) to return students in a monitored and graduated progression of activities over six phases over five to six weeks for at least 24 hours and medically cleared by their physician. See the school nurse for more details.

For further information on the signs and symptoms of a head injury or TBI and for information on how to protect your child, please visit the following websites:

- www.cdph.ca.gov/concussion/headsp
- www.cdph.ca.gov/Programs/InjuryPrevention/concussion.htm

Childcare Before and After School

The after school program is a “drop-in” type program. Children are picked up at 3:00 p.m. from their home school or continue at AIM to complete their coursework leading to attainment of their high school diploma. Students in the AIM program may return to their home school or continue at AIM to complete their last class. The AIM building is located on the North High School campus.

Giftedness

Williamsville CSD Gifted Programming services uses the level of service model developed by Dr. Donald Treffinger with the goal of fostering strengths in all children. Gifted programming also seeks to recognize those children who demonstrate talents, and sustained interests expressed at a high level, and to subsequently provide appropriate program options for students to develop and apply these talents and interests.

Giftedness is represented through achievement and creative productivity over a sustained period of time in a domain that matters to the child. This concept of giftedness includes characteristics that can be measured or enhanced through appropriate instruction and experiences. The following characteristics are associated with giftedness: aptitudes or abilities that develop in youth as a function of general intelligence and experiences at home, school, and the community. Talent developers are students develop specific skills, interests and motivations. When talent and expertise unite with creative abilities, the achievement and productivity that mark giftedness becomes evident.

Rehabilitation Act - Section 504

Special Education consists of specially designed instruction for students (ages 3-21 years) who have been identified by either the district’s Committee on Preschool Education (COPE) or the Committee on Special Education (CSE) as having a disability which interferes with learning. These multidisciplinary teams of parents and professionals are responsible for determining eligibility, coordinating evaluations, and recommending programs or services. Members of the committee include the child’s parent(s), a school psychologist, a special education teacher, a general education teacher, a parent of a child with a disability (if on request), and an administrator. Additional professionals, such as a building principal, speech/language pathologist, and the school psychologist, may also participate.

The committees, appointed by and responsible to the Board of Education, hold meetings on a regular basis. The district is committed to identifying children with disabilities and providing appropriate services and supports within the least restrictive environment. Should you suspect your child has a disability, please contact your building principal or the Office of Exceptional Education and Student Services at 626- 8905.

In addition, all children receiving special education services are entitled to a review at least once annually. The purpose of this annual review is to determine the continuation, modification, or termination of the provision of special education programs and related services. Parents are strongly encouraged to attend all of these meetings, typically held at the child’s school of attendance.

Childcare Before and After School

Before and after school child care programs are offered in some of the elementary and middle schools. This before school/after school program is not a district program and is supervised exclusively by employees of the provider.

Library Media Services

The Williamson Central School District is committed to providing open intellectual and physical access to materials in a variety of formats that support the curricular, personal interest, and enrichment needs of students and staff. Librarians, in collaboration with faculty members, have selected and organized diverse resources, including a variety of print and digital materials housed in the library, and digital resources available through library websites or databases.

The school library home page provides links to pre-selected websites, online databases, and texts that are accessible 24-hour a day.

In addition, each school library has an e-reader lending program that allows students to borrow an e-reader from their school library. For more information, contact your child’s library media specialist or school principal.

Alternative Instructional Model (AIM)

In addition to the three high schools, Williamson has an Alternative Instructional Model (AIM) for students enrolled in grades 10-12. AIM provides students with a unique learning environment designed to facilitate the development of positive attitudes toward self, school and community.

The AIM community is one that emphasizes participation, respect, caring and trust. Students are encouraged to maintain open and immediate contact with their student counselor in a health克斯itious environment and participate in the ongoing learning process.
Bus Safety Tips for Parents

- Parents are responsible for getting their children to and from the bus stop safely.
- To prevent running to the bus stop, please have your children at the bus stop five minutes prior to the estimated pickup time.
- Clothing can get caught. Jacket and sweater sleeves, drawstrings, backpack straps and scarves and children’s hair should be held back to prevent them from entanglement as a child gets on or off a bus.
- The most dangerous area is the loading and unloading areas. Instruct your children to stay back away from the bus until it is okay to board.
- Instruct your children to remain seated while on the bus, and avoid horseplay or being exceptionally noisy.
- For school buses with night lights flashing, even if lights are off, children should be seated and remain seated.

Bus Safety Tips for Students

- Be on time! Students should be at their bus stop five minutes before their scheduled pick-up time.
- NEVER run to or from the bus.
- Stand well back from the curb.
- Stay in your seat. Keep the aisles clear and keep heads and arms inside windows.
- Always be alert to your surroundings. The bus driver is the authority on all school buses.

Athletics

The Williamsville Central School District offers a comprehensive athletic program. Over fifty percent of students enrolled in grades 3-12 are involved in performing arts and the district boasts exceptionally active New York State School Music Association (NYSSMA) student participation in festivals. Each year the district hosts regional evaluation festivals at multiple locations. There is an active composition program with students and staff gaining local, state, and national recognition.

The following sports equipment is allowed on the bus only when in appropriate cases: baseball and softball bats, field hockey sticks, lacrosse sticks and tennis rackets. Sports equipment NOT allowed on a school bus include: hockey boards, skateboards, hockey sticks, and roller blades.

Programs & Services

Transportation

Williamsville operates one of the largest and safest school transportation services in New York State, busing over 11,000 resident children to more than 75 miles every day. In accordance with state law, the district establishes bus routes and assigns the bus stop locations set by district policy. Most bus stops are established at street corners and fire hydrants. Students in grades K-4 may be expected to walk up to one-tenth of a mile to an established bus stop while students in grades 5-12 may be expected to walk up to two-tenths of a mile to an established bus stop. Consistency and fairness are key standards in implementing this policy. Students should be at their bus stop five minutes before their scheduled pickup time.

My Stop

The Williamsville Central School District also offers parents access to the My Stop bus tracking program. This program allows parents to track their child’s school bus on its route and provides estimated arrival times for each morning and afternoon pickup. Information on how parents can use this application is available on the Transportation page of the district’s website under the Departments tab.

Child Nutrition Services

The Williamsville Child Nutrition Program provides meals with a variety of healthy foods that are appealing to students and meet USDA nutrition standards as well as the criteria for the Healthy Hunger-Free Kids Act of 2010. Our menu features appealing and nutritious foods including fresh fruits and vegetables, lower fat meat and dairy plus many whole grain enriched options. Menus are carefully planned to provide a balanced, healthy meal that is a very good value for the money. No local funds are used to support the Child Nutrition Program.

For 2018-19, school lunch prices are as follows: full lunch (includes milk) - $2.30 at the elementary schools and $2.60 at the middle and high schools. Breakfast: $1.40 (includes milk) at the elementary and middle schools. Families are encouraged to pay for meals online at myschoolbucks.com. To register your child, you will need the nine digit student ID number listed on your child’s report card. If you need assistance, call 626-8870. Parents may also send checks payable to Williamsville Food Service Program or cash with students to be placed on account. Any remaining student account funds will need the nine digit student ID number listed on your child’s report card. If you need assistance, call 626-8870. Parent(s) may also send checks payable to Williamsville Food Service Program or cash with students to be placed on account. Any remaining student account funds will need the nine digit student ID number listed on your child’s report card. If you need assistance, call 626-8870.

## Code of Conduct Summary

### Disciplinary Action

The Board of Education recognizes the need to make its expectations for student conduct while on school property or engaged in a school activity specific and clear. The rules of conduct listed are to standardize and focus safety on and respect for the rights and property of others. Students who will not accept responsibility for their own behavior and who violate these school rules will be required to accept the penalties for their conduct.

Students may be subject to disciplinary action, up to and including suspension from school, when they engage in or promote:

- Conduct that is disorderly such as, but not limited to: running in hallways; making unreasonable noise; being late for school or class; being unprepared for class.
- Conduct that is violent or physically aggressive towards a teacher, administrator, or other school employees.
- Conduct that is disorderly such as, but not limited to: running in hallways; making unreasonable noise; being late for school or class; being unprepared for class.
- Conduct that is disruptive such as, but not limited to: being late for school or class; being unprepared for class.
- Conduct that is violent or physically aggressive towards a teacher, administrator, or other school employees.
- Conduct that is disruptive such as, but not limited to: being late for school or class; being unprepared for class.
- Conduct that is disruptive such as, but not limited to: being late for school or class; being unprepared for class.
- Conduct that is violent or physically aggressive towards a teacher, administrator, or other school employees.
- Conduct that is disruptive such as, but not limited to: being late for school or class; being unprepared for class.
- Conduct that is violent or physically aggressive towards a teacher, administrator, or other school employees.
- Conduct that is disruptive such as, but not limited to: being late for school or class; being unprepared for class.
- Conduct that is violent or physically aggressive towards a teacher, administrator, or other school employees.
- Conduct that is disruptive such as, but not limited to: being late for school or class; being unprepared for class.
- Conduct that is violent or physically aggressive towards a teacher, administrator, or other school employees.
- Conduct that is disruptive such as, but not limited to: being late for school or class; being unprepared for class.
- Conduct that is violent or physically aggressive towards a teacher, administrator, or other school employees.
- Conduct that is disruptive such as, but not limited to: being late for school or class; being unprepared for class.
- Conduct that is violent or physically aggressive towards a teacher, administrator, or other school employees.
- Conduct that is disruptive such as, but not limited to: being late for school or class; being unprepared for class.
- Conduct that is violent or physically aggressive towards a teacher, administrator, or other school employees.
- Conduct that is disruptive such as, but not limited to: being late for school or class; being unprepared for class.
- Conduct that is violent or physically aggressive towards a teacher, administrator, or other school employees.
- Conduct that is disruptive such as, but not limited to: being late for school or class; being unprepared for class.
- Conduct that is violent or physically aggressive towards a teacher, administrator, or other school employees.
- Conduct that is disruptive such as, but not limited to: being late for school or class; being unprepared for class.
- Conduct that is violent or physically aggressive towards a teacher, administrator, or other school employees.
- Conduct that is disruptive such as, but not limited to: being late for school or class; being unprepared for class.
- Conduct that is violent or physically aggressive towards a teacher, administrator, or other school employees.
- Conduct that is disruptive such as, but not limited to: being late for school or class; being unprepared for class.
- Conduct that is violent or physically aggressive towards a teacher, administrator, or other school employees.
- Conduct that is disruptive such as, but not limited to: being late for school or class; being unprepared for class.
- Conduct that is violent or physically aggressive towards a teacher, administrator, or other school employees.

- Conduct that is disruptive such as, but not limited to: being late for school or class; being unprepared for class.
- Conduct that is violent or physically aggressive towards a teacher, administrator, or other school employees.
- Conduct that is disruptive such as, but not limited to: being late for school or class; being unprepared for class.
- Conduct that is violent or physically aggressive towards a teacher, administrator, or other school employees.
14. Engagement in harassment and/or intimidation including communicating (written, oral, or graphic) and/or physical conduct based on an individual's actual or perceived race, color, national origin, color, sex, sexual orientation, gender identity, age, marital status, mental or physical disability that has the purpose or effect of substantially or unreasonably interfering with an individual's work performance, academic performance, or participation in an educational or extra-curricular activity, is used as a basis for excluding any student or individual; and/or creates an intimidating, hostile or offensive work environment.

15. Grooming or grooming or registering bets, and/or risking potential loss of something of value while engaging in a game of chance for money or other valuable prizes.

F. Academic Misconduct such as, but not limited to: plagiarism; cheating; copying; altering records; violate copyright laws; violation of intellectual property including communication (verbal, written, or technical); use of computer, including the inappropriate use of electronic devices with photographic or text messaging capability; violation of the District field trip procedure and behavioral expectations; violation of copyright laws; violation of intellectual property rights, assignaking another student in any of the above actions.

DISCIPLINARY EXPECTATIONS AND PENALTIES

Discipline is most effective when it deals directly with the problem at the time and place it occurs and in a way that students view as fair and impartial. Students who participate in conduct expected to be under the control of the school or when the student's actions reasonably would be expected to cause harm to the student or others in the school setting. Discipline is intended to meet the following expectations:

1. To protect the safety and welfare of students and staff
2. To maintain an environment free from harassment, intimidation, and discrimination
3. To promote respect for the rights of others
4. To maintain order and discipline
5. To provide instruction in civility, citizenship, and interpersonal relationships
6. To promote positive behavior
7. To encourage learning
8. To support the mission of the district

Violation of any District Code of Conduct will result in the following action(s):

DIGNITY FOR ALL STUDENTS

The Dignity for All Students Act (DASA) was signed into law on September 4, 2006, and took effect on July 1, 2012. The Act prohibits harassment and discrimination on the basis of race, color, national origin, sex, sexual orientation, gender identity, or gender expression, and protects the rights of students who are members of any of these characteristics. The DASA Act addresses the need for a safe and inclusive environment for all students, including those who are members of any of these characteristics. The Act also requires schools to have policies and procedures in place to address harassment and discrimination.

The DASA Act applies to all public schools in the State of New York, including private schools and institutions of higher education. The Act requires schools to establish policies and procedures to address harassment and discrimination, and to provide training to staff and students on these issues. The Act also requires schools to report incidents of harassment and discrimination to the Office of Civil Rights, and to take appropriate action to address such incidents.

The Office of Civil Rights is responsible for enforcing the DASA Act and for ensuring compliance with the Act. The Office of Civil Rights conducts investigations of complaints of harassment and discrimination, and may issue orders requiring schools to take corrective action.

The Office of Civil Rights also provides guidance to schools on how to address harassment and discrimination, and how to develop effective policies and procedures. The Office of Civil Rights also provides resources to schools, including model policies and procedures, and training materials.

Schools are required to report incidents of harassment and discrimination to the Office of Civil Rights, and to follow up on these incidents.

The DASA Act also requires schools to provide training to staff and students on how to address harassment and discrimination, and how to develop effective policies and procedures. The Office of Civil Rights provides guidance to schools on how to address harassment and discrimination, and how to develop effective policies and procedures.

The Office of Civil Rights also provides resources to schools, including model policies and procedures, and training materials.

Schools are required to report incidents of harassment and discrimination to the Office of Civil Rights, and to follow up on these incidents.
In order to achieve the career development and occupational learning standards articulated by the New York State Department of Education, students will be provided access to instructional materials and processes only available through the use of technology resources. Student user accounts will be created for such access. WCD2 provides district-controlled G-Suite For Education (GSFE) accounts to our students. GSFE strategically aligns with the District’s approach to incorporating best practices with regard to instructional technology. As teachers incorporate GSFE into their classroom, your child will receive instruction about GSFE tools at that time. The district will manage, register and administer all teacher and student accounts through an administrative dashboard. Parental consent is required for a student to have a GSFE account created and maintained by the district.

If a parent or guardian has a question regarding the use of student technology, please contact the school principal and/or teacher of the course or class.

Why a WITS Parent Portal Account is Important

As part of the District’s cost-saving initiatives, documents previously mailed or sent home are available on WITS. All parents/guardians of a Williamsville CSD school student have received a Parent Portal activation letter. At least one parent from each student household should maintain a WITS account. One login will provide access to information for each of your children. With a WITS account you will have access to:

- Transportation route information
- School report cards
- Secure email correspondence with teachers and administrators
- Important school information
- Access to attendance
- Student schedules

Parents who currently have an account do not need to re-register. Parents who would like to request another activation letter should call the Information Technology Department at 626-8956.

Parents requesting to have information mailed should make their request directly to the school building their children are attending.

Williamsville Central School District is committed to the use of technology to facilitate student learning, allow for successful interaction in a 21st century skill environment, and to assist students in achieving personal, educational and workplace goals.

Technology integration is based in part on the International Standards for Technology Education for Students (ISTE) which promotes the use of technology in students to develop in students to become empowered learners, practice digital citizenship, construct knowledge evidence, design innovatively, develop computational thinking, communicate creatively and collaborate globally.

Students engage in a variety of ways to meet the ISTE Standards for Students that include using various instructional technology tools for enhancing writing, research and the digital creation process to demonstrate understanding, validate Internet evidence, and to assist students in achieving personal, educational and workplace goals.

Student schedules

Family Rights and Privacy

The district’s procedures for the confidentiality of student records are consistent with federal statutes, including the Family Educational Rights and Privacy Act (FERPA). The parents, those acting in a parental relationship, or eligible students of the Williamsville Central School District are hereby notified that you have the following rights in relation to student records under the Family Educational Rights and Privacy Act (FERPA) and Board of Education Policy #7240:

1. The right to inspect and review a student’s education records, except to the extent that FERPA authorizes disclosure without consent.

2. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading or otherwise a violation of the student’s privacy or other rights. Although not required by FERPA, the district may, under limited circumstances, amend or modify education records to reflect a legal change in demographic information. A parent/guardian of a student under the age of 18 or a student who is 18 years of age or older who is attending an institution of post-secondary education may seek an amendment to an education record(s) to reflect a change in the student’s demographic information, upon submission to the District of necessary proof substantiating such change. Any such request for an amendment or modification to an education record(s) must be submitted in writing to the Assistant Superintendent of Exceptional Education and Student Services.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

4. The right to refuse to have your child participate in any survey that reveals information on certain types of personal behaviors or political beliefs as well as information gathered solely for marketing purposes.

5. There are exceptions which allow for disclosure without consent:
   - Educational records may be released to school officials with legitimate educational interests.
   - A school official is a person employed by a school district as an administrator, supervisory, instructional or support staff member (including health or medical staff and law enforcement personnel), a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant or therapist), or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review the educational record in order to fulfill his or her professional responsibility.
   - Educational records of a student concerning disciplinary action taken against a student for conduct that posed a significant risk to the safety or well-being of that student, other students, or other members of the school community may be disclosed to school officials in other schools who have been determined to have a legitimate educational interest in the behavior of the student.
   - Educational records may be disclosed by school officials, including disciplinary records and records that were created as a result of a student receiving special education services under Part B of the Individuals with Disabilities Education Act, to another school or postsecondary institution in which the student seeks or intends to enroll.
   - Directory Information
   - Health and Safety Emergencies
   - Audit/evaluation by the Comptroller General of the U.S., the Attorney General, the Secretary of Education, and State or local educational authorities to evaluate programs or enforce compliance with federal requirements.
   - Participation in research studies conducted for or on behalf of the district with the purpose of developing, validating or administering practice tests, administering student aid programs, and for improving instruction.

6. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School District to comply with the requirements of FERPA.

The name and address of the district’s FERPA officer is:

Isabella Rizzo, Gr. 9 South High

The district may provide educational records without prior consent from a parent or eligible student in the limited circumstances provided by FERPA and the applicable regulations at 34 C.F.R. §99.31, including the exceptions discussed herein.

To comply with a judicial or a court order involving child abuse or neglect and dependency matters and the order is issued in the context of that proceeding.

Educational records may be released to a caseworker or other representative of a state or local child welfare agency or tribal organization authorized to access a student’s case plan when such agency or organization is legally responsible for the student and the request is made in connection with an investigation, hearing or proceeding authorized by law, for the care and protection of the student (e.g. children residing in foster care placements).

To the Secretary of Agriculture or authorized representative of the Food and Nutrition Service for the purposes of conducting program monitoring, evaluations, and performance measurements of programs authorized under the National School Lunch Act or the Child Nutrition Act.

To a contractor, consultant, volunteer or other party as potential school officials with legitimate educational interests in which the party performs an institutional service or function for which the district would otherwise use employees, are under the direct control of the district with respect to the use and maintenance of educational records; and complies with FERPA use and re-disclosure requirements.

The district may provide educational records without prior consent from a parent or eligible student in the limited circumstances provided by FERPA and the applicable regulations at 34 C.F.R. §99.31, including the exceptions discussed herein.

To comply with a judicial or a court order involving child abuse or neglect and dependency matters and the order is issued in the context of that proceeding.

To the Secretary of Agriculture or authorized representative of the Food and Nutrition Service for the purposes of conducting program monitoring, evaluations, and performance measurements of programs authorized under the National School Lunch Act or the Child Nutrition Act.

To a contractor, consultant, volunteer or other party as potential school officials with legitimate educational interests in which the party performs an institutional service or function for which the district would otherwise use employees, are under the direct control of the district with respect to the use and maintenance of educational records; and complies with FERPA use and re-disclosure requirements.

7. If either a parent or guardian, who is acting in a parental relationship, or the eligible student desire to obtain copies of the policy pertaining to student records, notification should be presented to the Assistant Superintendent of Student Services and Exceptional Education, 105 Casey Rd., PO Box 500, East Amherst, NY 14051-5000. Please refer to policy posted on the district website for full text and declaration of rights.
The Williamsville Central School District designates the personally identifiable information, listed below, contained in a student's education record as "directory information" and shall release the information without prior written consent, unless it is for commercial purposes.

In accordance with the Family Educational Rights and Privacy Act (FERPA), the District defines education record as "directory information" and shall release the education record as "directory information" and shall release the student's name; name of parent/guardian; grade designation; participation in officially recognized activities and sports; weight and height (if members of athletic teams); honors, degrees and awards received; and the name of the educational agency or institution most recently previously attended by the student. Student address may also be considered directory information and released without consent to law enforcement authorities for the purpose of complying with active investigations.

The Williamsville Central School District maintains a dynamic website featuring instructional information, artwork, photographs, and other educational resources. In order to facilitate the publishing of student accomplishments and class projects including the use of student photographs, videos, and creative work on school and district websites, the district has adopted an annual opt out procedure, which shall allow parents or guardians to request that their child's name and photograph (video or still) not be used for internal staff development purposes or approved or provided by the district. The policy does not permit use of a student's photograph (video or still) taken during district-provided therapy sessions, individual or group. Similarly, this policy does not apply to or permit use of student photographs (video or still) in any publications, recordings, or videos outside of the district.

Parents or guardians do not have to permit use of their student's photograph, video or recording for those purposes. you must notify the district in writing by September 30, 2018. This notice must be sent to the building principal of your child's school. Please be aware that opt out requests are valid for the current school year and must be renewed at the start of the next school year. Parents and guardians may request a change in status at any time during the school year by notifying the building principal in writing.

The permission will not extend to an individual or organization when the purpose or use is commercial, except the Superintendent or designee may grant such permission to news media and their staffs. A photograph, video or recording shall not be deemed to be "directory information" or shall copies of such an appearance be deemed "directory information."

### Summer School

For students who reside in the district and want additional classroom instruction during the summer, the Williamsville Central School District offers a variety of course opportunities in a supportive environment. The Summer School Program is open to all resident children who attend public or non-public schools.

### Community Education

Throughout the year the Williamsville Central Schools are a "place to explore, expand and enjoy," with close to 95 day sessions and 3 night programs. From preschoolers to adults, the edVentures program offers a wide variety of classes appealing to the community's ever changing interests and needs. Courses are offered for fall, winter, spring and summer sessions.

### The Williamsville Education Foundation, Inc.

The Williamsville Education Foundation, Inc. is a non-profit organization established in 1996 by community leaders. The Foundation raises funds to garner and administer private resources to enhance the educational activities of the Williamsville Central School District and help ensure that our students receive the highest level of educational opportunities. The Foundation funds worthwhile programs that cannot be supported by the district's annual budget. Each year, the Foundation provides grants to teachers for projects that enhance the educational opportunities for students. In addition, the Foundation sponsors a biannual Williamsville Wall of Fame, honoring Williamsville alumni from the district’s three high schools who have distinguished themselves in their careers and in service to their communities.

The Williamsville Education Foundation, Inc. is a non-profit organization established in 1996 by community leaders. The Foundation raises funds to garner and administer private resources to enhance the educational activities of the Williamsville Central School District and help ensure that our students receive the highest level of educational opportunities.

The Foundation funds worthwhile programs that cannot be supported by the district’s annual budget. Each year, the Foundation provides grants to teachers for projects that enhance the educational opportunities for students. In addition, the Foundation sponsors a biannual Williamsville Wall of Fame, honoring Williamsville alumni from the district’s three high schools who have distinguished themselves in their careers and in service to their communities.

### Character Education

The Williamsville Board of Education first adopted a policy on character education in March 1999. It defines character education as the conscious effort of schools, families and community groups to teach, advocate, and model ethical behavior.

The Board affirms that one of the most important functions of schools is to reflect and reinforce positive character traits and to teach the rights and responsibilities of citizenship. High standards of conduct are closely related to high levels of academic achievement; moreover, such standards are a requirement for effective participation in a democratic society.

Williamsville Schools strive to develop behavior that reflects widely held community values, including but not limited to; honesty, respect, responsibility, compassion, self-discipline, perseverance and giving to others. In accepting the responsibility to help all students develop, the district works to create an environment in which the students are not usurping the role of families or other institutions in the community, but seeking to work in partnership with them.

In order to maintain a learning and working environment which supports character development, it is expected that Board members, administrators, staff, students and volunteers in the schools will recognize their role as models for others, consistently exemplifying and enforcing high standards of respect and responsibility. Teachers will incorporate character education as it arises naturally in the curriculum, in interactions with others, and in all school activities.
Legal Notices

Equal Opportunity
Williamsville Central School District is an equal opportunity employer in compliance with all applicable laws including New York State Human Rights Law, Title IX, Title VII of the Civil Rights Act of 1964, the Equal Employment Opportunity Act, and section 504 of the Rehabilitation Act. Williamsville Central School District does not unlawfully discriminate against any person on the basis of age, race/color, national origin, marital status, religion, sex orientation, military/service status, disability, or predisposing genetic characteristics. Please address questions and complaints to the District Compliance Officers: for adults, Assistant Superintendent for Human Resources; for students, Assistant Superintendent for Exceptional Education and Student Services to 105 Casey Rd., P.O. Box 5000, East Amherst, NY 14051.

Sexual Harassment
The District recognizes the responsibility to provide an environment for students and staff that is free of sexual harassment and discrimination. Sexual harassment and discrimination are prohibited in all school buildings and are available upon request to all employees and students. The district makes every effort to educate its students as to the definition of sexual harassment and the identification of behaviors considered to be unacceptable.

Protection of Pupil Rights
The Protection of Pupil Rights Amendment (PPRA) affords parents certain rights regarding our conduct of surveys, collection and use of information for research purposes, and certain physical exams. These include the right to:
- Consent before students are required to submit to a survey that concerns one or more of the following protected areas if the survey is funded in whole or in part by a program of the U.S. Department of Education or is issued by a “third party”:
  1. Political affiliations or beliefs of the student or parent’s student;
  2. Mental or psychological problems of the student or parent’s student;
  3. Instructional material used as part of the educational curriculum.
- Inspect, upon request and before administration or use, the protected and non-protected information collected from the pupil by surveys,
- Receive notice and an opportunity to opt a student out of participation of surveys, collection and use of information for research purposes, or certain physical exams.

Asbestos Notification
In compliance with the requirements of the Asbestos Hazard Emergency Response Act of 1987, you are hereby notified that the Management Plan and supplemental data prepared in accordance with the requirements of the law are on file in the office of the principal for each school building (and other buildings on the same school site); in the District Office; and in the Facilities Building, Lawrence Blvd Dr.

Integrated Pest Management
The Williamsville Central School District has adopted Integrated Pest Management (IPM) as an effective and environmentally sensitive approach for pest management. IPM is a systematic approach to managing pests, which focuses on long-term prevention or suppression with minimal impact on human health, the environment, and non-target organisms. The district’s systems for managing pest populations, should they develop, will be based upon pest species and whether that species poses a threat to a student, staff, property, or the environment.

Medical Compainment Program
A Medicaid Compainment Program has been established by the district to ensure that claims for services are in compliance with all applicable Federal and New York State regulations. The designated compliance officer is the Assistant Superintendent for Finance & Management Services.

The district’s policy on Cultural Diversity and Religion (#8360) is intended to foster the development of knowledge, understanding and respect for the various religious groups within our community.

We have worked hard to ensure an accurate representation of the religions found in our community. This calendar is not intended to include all religions. Some additional religious holidays may be shared with district staff in September for use in the instructional program as well as to maintain sensitivity to the needs of different religious groups.

Below is a summary of the religious holidays included on the calendar. Please note that: 1) Denotes holiday begins at sunset the previous day; 2) Hindu and Jain holidays are calculated on a lunar calendar and therefore are observed at different times in different regions of the country; 3) some religions have different sects which may celebrate different religious holidays on different dates.

Mission Statement

The MISSION of the Williamsville Central School District, a community characterized by diversity, high EXPECTATIONS and support for learning, is to EMPOWER all students: 
- To develop their unique potential and CHARACTER 
- To assume responsibilities of citizenship and LEADERSHIP 
- To thrive in a CHALLENGING and rapidly changing global community

Through the COMMITMENT of our quality staff, working in partnership with students, parents and community, and utilizing VISIONARY programs in a NURTURING environment of mutual respect and dignity.
